

**Larval:** DAVID Cluster including *c-lectin*

corresponding gene-term association not reported yet

corresponding gene-term association positively reported

GO:0030246~carbohydrate binding  
IPR016187:C-type lectin fold  
IPR016186:C-type lectin-like  
IPR001304:C-type lectin  
GO:0045087~innate immune response  
IPR000859:CUB domain  
SM00042:CUB

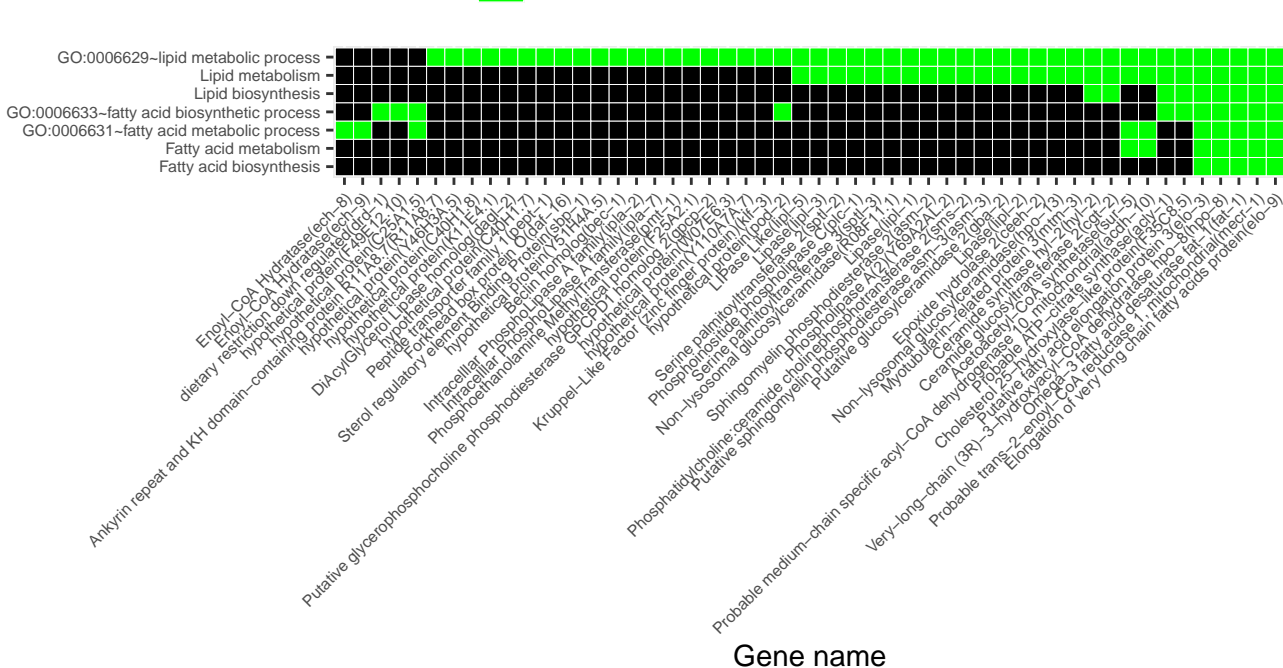

Gene name

## Annotation term

**Larval:** DAVID Cluster including *oxidoreductasase*

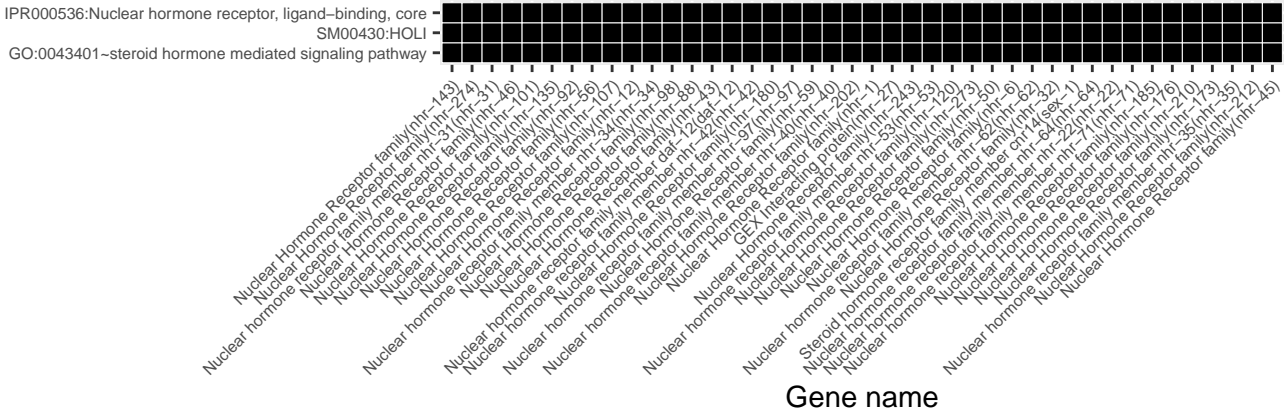

corresponding gene-term association not reported yet

corresponding gene-term association positively reported

### Larval: DAVID Cluster including *NHRs*

corresponding gene-term association positively reported

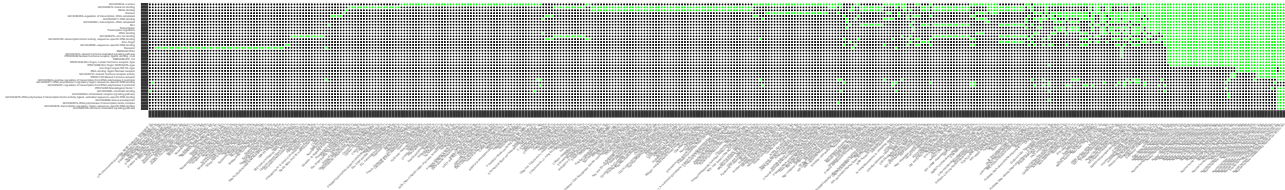

**Larval:** DAVID Cluster including *Signalling*

corresponding gene-term association not reported yet

corresponding gene-term association positively reported
